Heat Resistance Method : DIN 54060 : 1-5, 5 is Excellent

1

Perspiration Method : DIN 54020 : 1-5, 5 is Excellent

🕑 Dry Cleaning method : DIN 54024 : 1-5, 5 is Excellent

t Fastness to chlorinated water : 1-5, 5 is Excellent

Pigment Dispersions For Textiles

Vipul Organics Ltd, was established in 1968. We are one of fastest growing companies in the manufacturing of Pigments and Pigment Dispersions. We have five manufacturing facilities which operate at the highest operation level following systems such as ISO 9001:2015. We are listed on the Bombay Stock Exchange (BSE). Our head office is in Mumbai, India. We have presence in more than 50 countries. **Vipul Organics** is a global Color solution provider.

SunPRINT[®] is the brand name of Pigment dispersions for textile printing and dyeing. With the in house manufacturing of pigment powder, we have an excellent quality control on the pigment dispersions.

Forward and Backward Integration :

Pigment Powder \rightarrow Pigment Dispersions \rightarrow Textile Printing

Technical Properties of SunPRINT[®] Dispersions :

- Wide range of water-based dispersions
- Offers high compatibility with most of the binders/ thickeners
- High brilliancy and intensity of colours
- Superior light, washing, acid & alkali fastness
- High tinctorial strength
- Excellent heat stability
- Good rheology
- VOC free/ APEO free/ Formaldehyde free
