**Press Release**  
4<sup>th</sup> of December 2025

**BSE: VIPULORG / 530627**

## **Vipul Organics Showcases its Full Paper-Industry Portfolio at PAPEREX 2025 Spotlight also on its sustainability offering “Adimem” Membrane Treatment**

Vipul Organics Limited, the BSE listed (VIPULORG / 530627) leading Specialty Chemicals company in the pigments and dyes segment, is participating in Paperex 2025, from the 3<sup>rd</sup> to the 5<sup>th</sup> of December New Delhi. Vipul Organics is highlighting its innovative membrane treatment solution, Adimem, alongside a wide range of products designed specifically for the paper manufacturing sector.

At the event, Vipul Organics is demonstrating how Adimem enhances process efficiency and water management in paper production, offering manufacturers a cost-effective and eco-friendly alternative. The technology is part of the company's broader portfolio, which addresses multiple functional needs in paper processing, including dyes, pigments, and specialty additives.

According to Industry Research, the global paper-pigments market is estimated to be worth approximately USD 12.99 billion in 2025 and is projected to grow to about USD 20.6 billion by 2034, at a CAGR of around 5.3%. Thanks to growth in coated-paper, packaging, and printing applications, the market is witnessing steady demand for high-performance pigment and chemical solutions. Regionally, demand in Asia-Pacific, including India, accounted for over USD 6.1 billion in 2023, reflecting more than a third of global demand. In this context, Paperex 2025, which brings together Global Leaders from the Pulp, Paper and Packaging Ecosystem becomes even more important for Vipul Organics, which has a complete bouquet of offerings for the industry.

“Our participation at Paperex 2025 reinforces our dedication to innovation and sustainability. Through Adimem and our comprehensive product offerings, we are empowering the paper industry with solutions that improve operational efficiency while maintaining environmental responsibility. We are focused on leveraging our technical expertise and market insights to deliver solutions that not only meet but anticipate the evolving needs of the paper industry, thereby enhancing competitiveness and shareholder value”, says Mr. Vipul Shah, Managing Director, Vipul Organics Limited.

Adding to the company's presence, Vipul Organics' Executive Director, Mr. Mihir Shah, will be a speaker in one of the sessions, focusing on the latest advancements in dyes and pigments for the paper industry. This session will provide insights into emerging trends and technologies that are transforming paper aesthetics and performance.

Vipul Organics plans to engage with industry stakeholders, and decision-makers at Paperex 2025 to explore collaboration opportunities that harness cutting-edge chemistry to transform paper manufacturing practices. This move is aimed at reinforcing the company's leadership role and expanding its market presence within the sector.

Vipul Organics Ltd., B-603A, Kaledonia Bldg., Sahar Road, Off W. E. Highway, Andheri (East), Mumbai - 400 069, India.
