## We call it Interconnected Chemistry

The chemical industry has long been a catalyst of global progress and sustainable development. The future social and economic success will rest more than ever on collaboration and interconnected competencies. Our expertise to integrate our various competencies and create the right solutions for the chemical industry and the world at large is what we call interconnected chemistry. And we're using this interconnected chemistry to transform into a true customer-solutions oriented company. We're also applying it to everyday interactions with our people at work, our customers and society at large.

We welcome you to join us on this refreshing, colourful and promising journey. Welcome to

AMC

## We're Vipul Organics

It was in the year 1968 that Mr. Pravinchandra B. Shah founded Vipul Group of Companies, manufacturing pigment powder, pigment dispersion, leather dyes, naphthols, fast colour bases, fast colour salts and dyes intermediates. Today, it is one of the largest manufacturers of pigments and pigment dispersions in the country, and is listed by the Bombay Stock Exchange (BSE).

The Group currently serves clients across a broad spectrum of industries, ranging from textile, paint, printing ink, cosmetics & food industry, plastic and several other industries worldwide.

Today, as we are close to completing five decades in the business, we are turning a new page, adding new colours to our name. And we've begun by changing our name and identity from Vipul Dye Chem Ltd. to Vipul Organics.

**Mission**

"To continue enriching the lives of our global clients through solutions that are first-rate and economical, and cultivate rewarding and enduring business relationships."

**Core Values:**

**Technology & Innovation**

Ongoing Research & Development is a constant at Vipul Organics. This helps us come up with innovative offerings on a regular basis. Innovations that are pro-environment and eco-friendly. Because, we believe only if we care for Mother Nature can we care to come up with nature-friendly innovations.

**Social Responsibility**

We're an employee-friendly organisation. For us, our employees are an integral part of our entire eco-system where we nurture them through various welfare programmes. Having said that, society is our top priority. Through our endeavours in Corporate Social Responsibility, we contribute towards the welfare of society and conservation of the environment.

# Our Ultramodern Infrastructure & Plants

Equipped with state-of-the-art production facilities, we are geared to cater to the ever-increasing and diversified needs of our vast customer base.

We have 6 factories overall, spreading in close proximity to Mumbai. With latest equipment like Glass Lined Vessel, SS Reaction Vessel, Rotary Vacuum Dryer, Spinflash Dryer, Membrane Press, Spray Dryer, Dyno Mill and many more, we are ready to scale our operations to suit our clients' demands at the shortest notice.

## Palghar

We have 3 facilities at Palghar, conveniently located at just 80 kms from Mumbai, to manufacture Fast Bases, Vat Dyes & Pigment Intermediates.

## Tarapur

At a stone's throw away from Palghar and about 100 kms north of Mumbai, is our Tarapur unit that specializes in manufacturing Pigment Powder and Pigment dispersions.

## Ambarnath

Our facility at Ambarnath is equipped with innovative tools and skilled manpower to produce the best Naphthols, Pigment Powders, Pigment Dispersions, Reactive Dyes, Acid Dyes & Direct Dyes. Ambarnath is just about 60 kms to the south of Mumbai and is well connected to Mumbai by rail and road routes.

## Ahmednagar

In this unit, we produce Herbal Extracts to be used as dietary supplement. This is our latest diversification into the pharmaceutical Industry. Geographically, Ahmednagar is 260 kms to the south of Mumbai.

## New Expansions

We have already acquired land for Pigments, Dyes and Pharmaceuticals.

# Our Global Sales Network

Vipul Organics is characterized by a strong sales network spread across the length and breadth of the nation. Apart from having a nationwide network, we also have a strong presence in more than 45 countries across the globe.

It is this solid network that we've created and nurtured with our clients which is the underlying force behind our continued growth.

Over the years, we've inculcated a strong sense of relationship building with our clients, which has resulted in an enduring business relationship.

Our sales department works in close coordination with the production and distribution department. As such, no matter where in the world our client is, we guarantee timely delivery and ace service, both pre and post-sale!

## Marketing Network

Products are available through well-appointed Agency Network, Direct Sales and Distributor Network.

## Industry-recognized Certifications

With close to five decades in the business, our products have a well-known presence in the domestic and international markets. Our utmost concern for consistency and stability of quality products has made us a renowned name in the dye chem industry, giving us a good reputation, a lot of goodwill, and an established brand image.

Vipul Organics is the registered member of the following organisations:

- Federation of Indian Export Organisations (FIEO)
- Dyestuff Manufacturers Association of India
- Basic Chemicals & Pharmaceuticals Export Promotion Council (CHEMEXCIL)
- Indian Merchants' Chamber

Essential Certifications:

- Our products always carry the necessary certifications like Halal & Kosher required for Food Colours and Lake Colours, and Oeko-Tex (Eco passport) & GOTS required for products like Pigments & Reactive Dyes
- REACH Pre-registration for most of the products
- ISO 9001 :2008 Certified Manufacturing Company awarded by QA International Certification Ltd. UK.

## Recognitions & Awards

Our rich experience and heavy exports have earned us much-coveted recognitions:

- **Star Export House** – Awarded by Government of India for achieving excellent & consistent outstanding export performance.
- **First Award from Export Promotion Council (CHEMEXCIL)** for outstanding performance and continuous growth.
